Duties for the winner of DV-2009

It is for the information of all the concerned that those who have applied for DV -2009 should take note that the respective authority has begun sending letters to the winner from March,19,2008. Different people are receiving letters from various organizations based in America mentioning that they are the winner of the DV. But answering to these e-mails may result in danger and critical situation. Time will come when these institutions will demand huge amount of money to hand over the original documents to the respective DV winner. Generally letters come for the DV winner from Kentucky directly. All should take note that the original letter must bear the address—Kentucky Consular Center, 3505 N. Highway 25 W, Williamsburg KY 40769 in the left alignment of the envelope.

This is only one side of the matter. Tricks begin in Bangladesh when the letter comes in the country. Generally the letters of the DV winner come by registered postal service. These letters are registered in the foreign post office located in Airport, Dhaka. But what is sad to mention here that a group of fraud people collect the name and address of the winner from here and they go to the house of the winner. What a terrible thing! The respective person did not receive any letter from America but the people came with good news of receiving DV, what a surprise! This sort of activity of the foreign post office is going on for a long time. But there is no remedy of the matter. Beware of these fraud people. You can contact with Kentucky consular section if someone gives you this sort of message or news. But things are more deep-rooted. These fraud people show a false wife if the winner is male and vice –versa. They take an amount of 10-15 lack bdt from both sides. This group is making money by these kinds of misdeeds for a long time. But they have received a heavy blow this year, 2008. This year nobody received a visa who have shown false marriage. In different thanas of the country GD has been done against these corrupt people. Legal procedures have also been made. Those who have been a victim of these fraud people will not be able to go America for good. These victims will not be able to make application in any visa including DV for the future. Those who have applied for DV-2009 through cyber café or through any other agency and filled in EDV form must consult with an expert immigration lawyer because these people or agency already showed a false wife or husband of you without your notice or knowledge.
